THE PEOPLE'S PAPER.

## HERALD.

SALT LAKE  
DAILY HERALD.

The Herald enters upon the new year with better hope and brighter prospects than it ever before enjoyed. The remarkable success of the paper in the past, as manifested by its large and steadily growing subscription list, its increasing advertising patronage, and the expressions of goodwill towards the journal which greet us from all quarters, convince the publishers that they are doing what they set out to do—namely, furnish a newspaper that the people would like, and therefore read. The Herald, as in the past, will be the people's paper. Independent in a political sense, it will always be found on the side of the people, outspoken on questions affecting the rights of the masses; battling for local self-government and the largest liberty to individuals consistent with public good; laboring for a pure, honest and economical administration of government; treating public matters dispassionately and employing language calculated to enlighten the reason of men, rather than influence their passions, and working for peace and the development of the resources of the territory, instead of trying to create strife and retard progress. With our increased facilities for gathering news, both by telegraph and mail, the employment of a larger number of correspondents in different sections of the country, and the better arrangement of all the many details of the establishment, we confidently promise to make the SALT LAKE DAILY HERALD a better paper than ever.

SALT LAKE

SEMI-WEEKLY HERALD

This valuable and popular edition of the Herald will continue to make its appearance twice a week during the year, and the same degree of progress and improvement that marks the Daily will be seen in its columns. No better newspaper can be found in the west for those people who are blessed with daily mail facilities, than the SEMI-WEEKLY HERALD. It contains all the news, domestic and foreign, in a condensed and readable form. The design has been to make it combine the distinctive characteristics of a commercial and home journal, and we believe that this has been successfully carried out. The SEMI-WEEKLY has certainly met with unexpected high favor at the hands of the people. It is prepared to make it even more popular than in the past by reducing the price to \$3.50 per annum, making it the cheapest semi-weekly paper in the west. The reduction in price does not imply a decrease of the quantity of matter published. Its columns will continue full of news and choice literature.

SALT LAKE

WEEKLY HERALD.

About the 1st of March, we will begin the publication of a Weekly Edition of the Herald. The demand for such a paper has been very pressing during the past two years. The publishers will be to furnish a paper for those people who live off the main lines of travel and who are not accommodated with mail service often enough to make it worth while to provide a newspaper for those who have only one day a week of leisure to devote to the pleasant and profitable employment of reading, to supply a suitable edition of the Herald for reading abroad—a paper that will faithfully and honestly represent this great and growing territory, with its many and important industries and its thrifty, enterprising people; to make a paper for the home circle and family fireside, one that will contain matter specially for the agriculturist, the stock-raiser, the stock-breeder, the mechanic, the kitchen and the household generally, and an important feature of its columns will be the well-chosen, entertaining and moral literature, also reports of the Tabernacle disbursements. Nothing will be omitted in its columns that has not first been carefully prepared and revised. The price will be only \$2 a year, a figure unprecedentedly low for a far west newspaper. We confidently predict for the WEEKLY HERALD one of the greatest successes, and the efforts of the publishers shall be to make the paper merit the popularity that it cannot fail to attain.

#### Montpelier, Vermont, 25.

The greater portion of the delegates to the state convention to-morrow, to choose a delegation to the Chicago convention have arrived here today.

General Arthur said he would not withdraw these words. It would be absurd to present a report of nominations to the convention without giving it the right to act on it.

The stated question was on the amendment to Arthur's substitute. Forster called for the yeas and nays. The chair said as there had been no vote adopted it would be impossible to call for the yeas and nays. Forster appealed from the decision. The appeal was laid on the table.

Wood said it made no difference how the names were presented to the convention. They must be acted on by this convention, and this convention must give delegates their credentials. If the committee (naming with the names reported by districts it will be time to act.

General Arthur said the committee had nothing to do with delegates. The convention must act.

Forster, under these explanations, withdrew his amendment.

It is now the custom to let the names of delegates to the national convention be reported by districts. T. C. Platt offered the following:

Resolved, That delegates from the several congressional districts be empowered to nominate and report for action of the convention, presidential electors for their respective districts.

The chair said the committee was empowered to fill any vacancies which may hereafter occur in the delegation.
